Subject: WIWA Plural Spray Equipment

Jeffrey,

As a result of our successful spray trials with Thermo-Lag 3000, we will like to formally approve the use of you plural spray equipment and single component spray equipment with our Thermo-Lag PFP products.

The WIWA Duo-Mix PFP unit has been found to be acceptable with Carboline's Thermo-Lag PFP product line for plural component application.

The Hercules PFP unit has been found to be acceptable with Carboline's Thermo-Lag PFP product line for single component application.

Regards,

Sean Younger
Carboline Fireproofing Product Line Manager
