20th October 2004

Wiwa Wilhelm Wagner GmbH & Co
Gewerbeastabe 1-3
D-35633 Lahnau
Germany

For the attention of Mr Jeffrey Wold - Export Director

Dear Sirs

Re: Duomix 333 PFP

Further to our recent visit to your premises and subsequent application trials with our Firetex M90. The equipment produced a very good atomisation pattern, which allows good control of film thickness application. Its modular design made it easy to understand the functional components.

We are therefore pleased to approve the Wiwa Duomix 333 PFP equipment for the application of our Firetex M90 coating.

We look forward to working more closely in the future with Wiwa.

Yours faithfully
for LEIGH'S PAINTS
